PREMIER INDUSTRIAL CONTROLS

## Product Information Sheet

### BGX500 Dual Foot Switch

The BGX500 Dual Box consists of any two GX-Series foot switches mounted inside a single box. Each foot switch is fastened to the sheetmetal base, and there is an area at the rear of the unit that allows connection and cable routing out of either side. The cover is removable. The front gate is optional on the left side of the unit – add "-GT" at the end of the model number if you want the gate.

#### Design features:

- Tough sheetmetal 12-gauge enclosure with powder paint.
- Openings on either side for cable exit.
- Mounted on four heavy-duty bumper feet.
- Left-side gate is optional (add "-GT" to the part number).
- Can be equipped with any combination of GX-Series foot switch.

#### Quality features:

- Designed and manufactured under a quality system certified to ISO 9001 requirements.
- Includes a 1-year warranty on parts and labor.
- Made in USA of imported and domestic components.

Dimensions, L x W x H: 12.2" x 12" x 5.8"

Weight (BGX500-MO): 29 pounds

Finish: Powder Painted Safety Orange

**Warning:** To avoid personal injury, do not use foot switches on machinery lacking effective point-of-operation safeguards. Disconnect input power before installation or maintenance.

Model	Description	Price
BGX500	The BGX500 can be equipped with any combination of GX-Series Foot Switch. For example, a unit with two GX500-MO foot switches is model number BGX500-MO. A unit with GX500-MO on the left side and GX502-AT on the right side is model number BGX500-MO/GX502-AT.	\$80.00 + cost of each foot switch
