

# THE SSC CONTROLS COMPANY

PREMIER INDUSTRIAL CONTROLS

## Product Information Sheet

### DG500 (G-Series Dual Foot Switch)

The DG500 connects any two G-Series foot switches onto a single base platform. The unit contains an optional handle with ball knob, durable bumper feet, and mounting holes so that the unit can be bolted to the floor if necessary. The handle includes a large, durable polypropylene ball knob that makes it easy to lift or move around the unit without having to bend down.

#### Design features:

- Durable steel base with powder-painted finish.
- Secure, low-profile mounting ensures stability.
- Durable bumper feet that can be removed if the unit needs to be bolted to the floor.
- Can be equipped with any combination of G-Series foot switch.
- Also available with a single guard with no center divider.

#### Quality features:

- Designed and manufactured under a quality system certified to ISO 9001 requirements.
- Includes a 1-year warranty on parts and labor.
- Made in USA of imported and domestic components.

Dimensions, L x W x H: 12" x 10" x 7" (25"H w/ handle)

Weight (DG500-MO): 18.6 pounds

Finish: Safety Orange

**Warning:** To avoid personal injury, do not use foot switches on machinery lacking effective point-of-operation safeguards. Disconnect input power before installing or removing this control.

Model	Description	Price
DG500	The DG500 can be equipped with any combination of G-Series Foot Switch. For example, a unit with two G500-MO foot switches mounted on the platform is model number DG500-MO. A unit with one G500-MO and one G502-MA is model number DG500-MO/G502-MA.	\$35.00 + cost of each switch
"-OC" option	Same as above, but with no center divider between the two foot switches. Specify with "-OC" at the end of the part number.	\$35.00 + cost of each switch
